

dix heures dix

iris H603

Design Fabrice Berrux

VERTICAL hanging lamp in [white or ivory ribbon](#).

High power LED lighting with 0-10V dimming power supply.

Adjustable height of the 2 suspension wires fixed to the canopy (20-200cm).

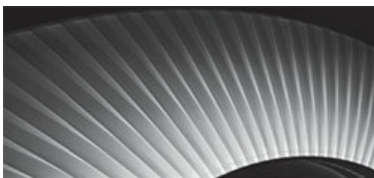

Identical finish on both sides. 106cm diameter.

Dimming option: DALI - PushDim.

Option: 5 or 8 meters suspension wires.

One type of lighting effect is available :

- Simple Flux (LED light coming ONLY from the inner circle)

Simple Flux - SF

Two colors of ribbon for two lighting sensations to choose from:

- White textile for warm lighting >2700°k (snow white)

- Ivory textile for very warm lighting >2500°k (wool white)

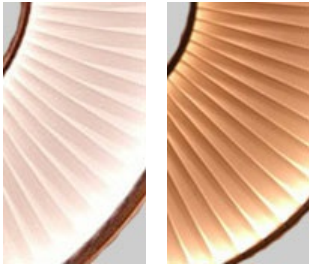

White - Ivory ON

White - Ivory OFF

The dix heures dix technical department can now study **your own composition with IRIS pendants**, by mixing the various available, standard suspensions.
