

# SKAAL

Architectural. Organic. Open.

Inspired by Scandinavian modernism, Skaal's simple yet sophisticated aesthetic makes it suitable for a variety of landscape settings, ranging from organic contemporary to industrial chic.

Infuse your outdoor space with a little hygge — the popular Danish lifestyle concept focused on creating a warm and cozy atmosphere. Line up your Skaal lanterns poolside for an ambient yet warming effect, or cluster them around your outdoor seating for an easy conversation starter

Available in Space Gray Aluminum, Corten Aluminum and Weathered Teak Finish

2 Sizes: 15" high or 28" high
