RISPAL
PARIS

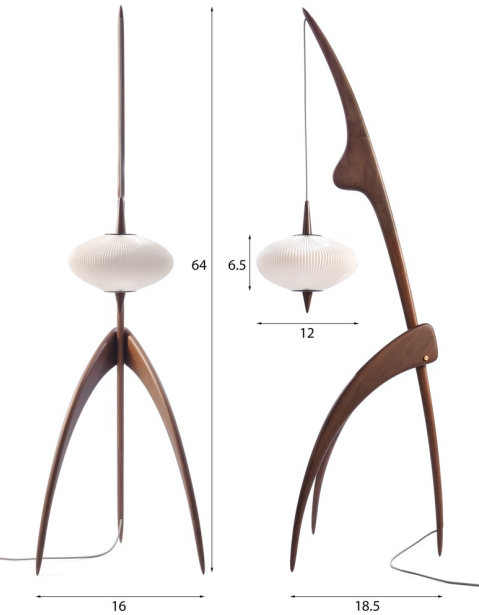

Designed in 1950 by François Rispal, this timeless piece of design is as iconic as representative of the golden age of French design.

The shade is made of Cellulose acetate is a « bio plastic » created from cotton fiber or wood pulp.

This renewable material is bio-degradable and does not use oil in its manufacture.

UNIQUE CONCEPT

Nomon Home fuses passion for jewelry and furniture design, creating an innovative project, where the complementary furniture becomes the main role with elegance, style and sophistication. Their style and personality disregards fashion and trends, achieving a unique and renowned identity which persists over time.

Nomon is faithful to noble materials, such as marble, natural walnut and brass; classics for their passion with craftsmanship, being able to combine romanticism and technology.
