

Y.S.M PRODUCTS

Innovative Lighting, Made in Japan

Y.S.M is a Japanese bespoke lighting manufacturer that fabricates functional lighting fixtures with aesthetic design. By combining our expertise of innovative sheet metal work with high-quality lighting technology, we produce personalized lighting designs for designers and architects. Our team work with various lighting designers in and outside of Japan to perform everything including ideation, production, and assembly. We take pride in having the finest illumination technology, and fostering collaboration to make this possible.

Awards

Y.S.M PRODUCTS have won numerous global awards. They are also featured at prestigious venues such as the Fondation Louis Vuitton (Louis Vuitton Museum in Paris) and the VITRA Museum.

Moment

Designed by Kotaro Usugami

Y.S.M PRODUCTS

Moment

This table lamp consists of a series of interconnecting tubes, creating the sensation of time standing still. Each standardized pipe is meticulously finished using advanced metalworking techniques, showcasing the exceptional properties of stainless steel—thin yet incredibly strong. These qualities come together to form a sculptural, floating design that exudes a light, modern elegance. Crafted from durable, recyclable stainless steel, the lamp seamlessly combines sustainability with style. The interplay of varying tube lengths adds a dynamic rhythm, making it a captivating centerpiece for any space.

Crafted by Japanese Craftsmanship

Moment is meticulously crafted, one piece at a time, by skilled artisans. The hidden beauty of stainless steel is brought to life through seamless and high-precision welding, delicate hand-applied hairline finishes, and precise assembly, resulting in a sculptural work of art.

Hand-Activated Light

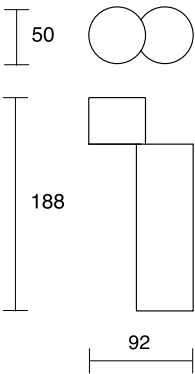

Touchless sensor allows you to turn on, turn off, and adjust brightness effortlessly. This hands-free operation ensures that the stainless steel finish remains pristine while offering seamless control at your fingertips.

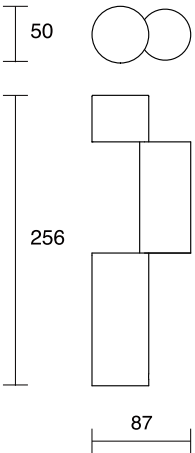

Wireless Design

Moment is entirely wireless, making it a sculptural accent in any interior, whether the light is on or off. Can be used in any location you prefer.

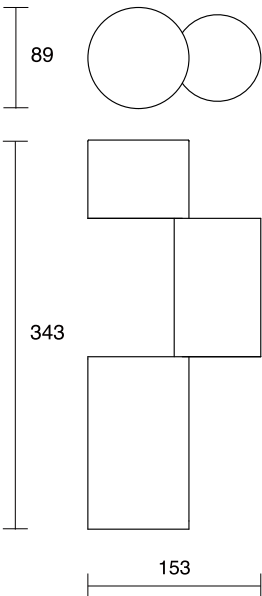

Product Name	Moment TYPE 01
Model Number	MM-01
Color	Silver 
Material	Stainless Steel / Acrylic
Size	W92 × H188 × D50mm
Weight	650g
Light Source	LED 3000K
Power Source	Rechargablr Lithium-Ion Battery
Accessories	Cleaning cloth / USB-C cable / Instruction Manual
Country of Manufacture	Japan

Product Name	Moment TYPE 02
Model Number	MM-02
Color	Silver 
Material	Stainless Steel / Acrylic
Size	W87 × H256 × D50mm
Weight	750g
Light Source	LED 3000K
Power Source	Rechargablr Lithium-Ion Battery
Accessories	Cleaning cloth / USB-C cable / Instruction Manual
Country of Manufacture	Japan

Product Name	Moment TYPE 03
Model Number	MM-03
Color	Silver 
Material	Stainless Steel / Acrylic
Size	W153 × H343 × D89mm
Weight	1,750g
Light Source	LED
Power Source	Rechargablr Lithium-Ion Battery
Accessories	Cleaning cloth / USB-C cable / Instruction Manual
Country of Manufacture	Japan

Designer
KOTARO USUGAMI

Kotaro Usugami founded his design studio, "UUD," after designing wristwatches at a watchmaker. Placing importance on an approach that highlights the beauty of materials, he has worked on a variety of product designs, including lighting, furniture, and accessories.

and-on

Designed by Kenji Fukushima

Y.S.M PRODUCTS

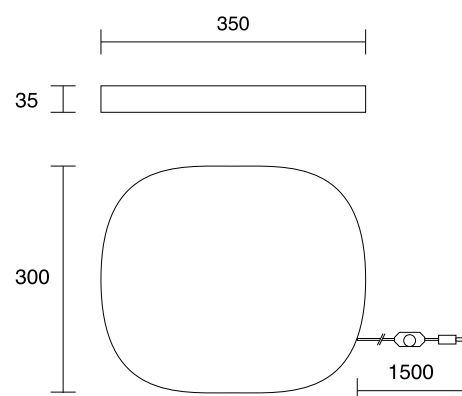

and-on

and-on mesmerizes as it invites you to admire the nuanced texture of paper. This special LED lamp is a concept project created in collaboration with designer Kenji Fukushima and paper specialists Tesuki Washi Tanino.

It combines innovative lighting technology with the beauty of washi in new forms to continue the unique craft tradition for generations to come.

Product Name	and-on
Model Number	AO-01GO
Color	Gold 
Material	Brass / Acrylic / Ogawa Washi Paper
Size	W350×H300×D35mm
Weight	Approx. 1.0kg (main unit only)
Light Source	LED
Power Consumption	10.5W
Accessories	AC Adapter (AC100-240V) / Dimmer / Instruction Manual
Country of Manufacture	Japan

Designer

Kenji Fukushima

Kenji Fukushima provides design and consulting services with a comprehensive approach in fields such as every-day goods, furniture design, package design with emphasis on product design, graphic design, interior design and the organization of exhibition halls.

Lineair

Designed by Baptiste Vandaele

Y.S.M PRODUCTS

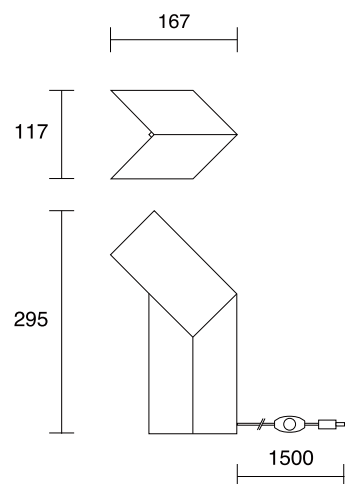

Lineair

Lineair is a geometric table lamp that consists of several linear planes positioned opposite each other in an innovative way.

The steel body of the table lamp consists of a hollow, extruded rectangle that contains all the elements of the light fixture. This is followed by two planes that face the rectangular base at an angle of approximately 45 degrees. All of this creates a very nice light and shadow effect, as well as the planes create an angle that causes the light to reflect downward.

Product Name	Lineair		
Model Number	LR-01GR / LR-02OG / LR-03WH		
Color	Green 	Orange 	White 
Material	Stainless Steel / Acrylic / Aluminum		
Size	W117 × H295 × D167mm		
Weight	Approx. 850g (main unit only)		
Light Source	LED		
Power Consumption	3W		
Accessories	5V Type-A USB (AC adapter not included) / Instruction Manual		
Country of Manufacture	Japan		

Designer

Baptiste Vandaele

Baptiste Vandaele, born in 1999 in Kortrijk, Belgium, is an innovative designer. After graduating with honors, he founded his design studio and now collaborates with global companies, becoming a leader in contemporary design.

owl

Designed by Kenji Fukushima

Y.S.M PRODUCTS

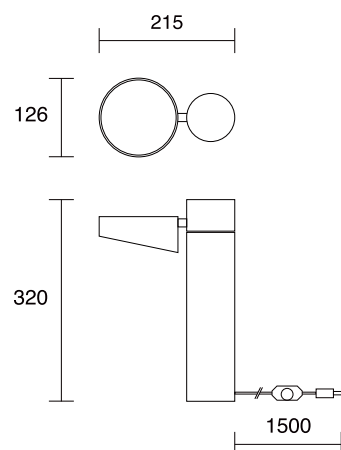

owl

Desk light that embraces FFLP (Flexible Flat Light Panel), an originally developed surface light-emitting panel, inside the shade. The flexibly bent FFLP has created a minimalistic form with an imperceptible presence of a light source.

The shade is cut diagonally designed to produce a bright light on the desk or in the room. Adjust the light angle freely as it can be rotated 180° both vertically and horizontally. owl also emits a soft light from the top, gently engulfing the entire space.

Product Name	owl				
Model Number	OW-01BK / OW-02WH / OW-03GY / OW-04GR				
Color	Black	White	Gray	Green	
Material	Steel / aluminum / Acrylic				
Size	W215 × H320 × D126 mm				
Weight	Approx. 1.7kg (main unit only)				
Light Source	LED				
Power Consumption	4.5W				
Accessories	AC Adapter (AC100-240V) / dimmer / Instruction Manual				
Country of Manufacture	Japan				

Designer

Kenji Fukushima

Kenji Fukushima provides design and consulting services with a comprehensive approach in fields such as every-day goods, furniture design, package design with emphasis on product design, graphic design, interior design and the organization of exhibition halls.

LIGHT SHELF

Designed by akii

Y.S.M PRODUCTS

LIGHT SHELF

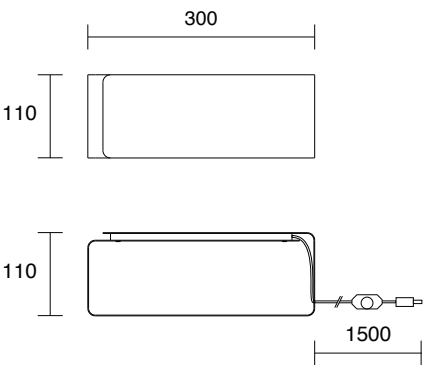

LIGHT SHELF was designed to illuminate daily life with a unique approach. Unlike traditional point-source lighting, its surface-emitting design gently wraps spaces and objects in soft light.

Crafted with precision, it features an ultra-thin 9mm light guide panel seamlessly integrated into the bend of a 1mm-thick steel plate—resulting in an exceptionally minimal form.

LIGHT SHELF can be placed horizontally or vertically, on a bedside table, sideboard, or even directly on the floor. It enhances your space without intrusion, providing a soft, glare-free glow that helps create a refined and atmospheric interior.

Product Name	LIGHT SHELF							
Model Number	LS-01B / LS-02W / LS-03GY / LS-03GO							
Color	Black		White		Gray		Gold	
Material	Steel / Aluminum / Acrylic					※Gold Color : Brass / Aluminum / Acrylic		
Size	W300 × H110 × D110 mm							
Weight	Approx. 1.1kg (main unit only)							
Light Source	LED							
Power Consumption	3W							
Power Source	5V USB Type-A (Dimmer Included)							
Accessories	Instruction Manual / AC adapter not included							
Country of Manufacture	Japan
